HOW TO SAVE MONEY

In these times when living expenses have increased from thirty to fifty per cent, it is unusual to hear of a standard remedy being offered at half price.

Yet that is the way D. F. Davis, "the druggist," is selling Dr. Howard's celebrated specific for the cure of dyspepsia and constipation. In addition to selling a fifty-cent bottle, containing a month's treatment of sixty doses, for 25 cents, he gives his personal guarantee with every bottle he sells to refund the money if it does not give satisfaction.

This unusual offer has brought hundreds of customers to his store in the last few weeks, yet out of the many bottles of Dr. Howard's specific he has sold, but one customer has asked to have the money returned. This was done without any questions, although he does not think the remedy could have been given a fair trial.

Doctor's bills can be saved by the use of Dr. Howard's specific for the cure of dyspepsia and constipation, and by taking advantage of this special half price introductory offer our readers can save half the regular price of the specific.

"I will keep on the road much of the time," says Lillian. "It is lots of fun to have an auction, and then it would be quite expensive to keep the house up for three years."

SIX MEN SHOT IN FIGHT

Rivalry Over Railroad at Keystone, Alaska

DEPUTIES SEEK CULPRITS

Guggenheim Forces Fire on Surveyors Laying Out Line for Alaska-Nome Company; Waited in Ambush.

Seattle, Wash., Sept. 27.—A dispatch from Valdez, Alaska, says: Forces of the Guggenheim railroad, the Cooper River & Northwestern, shot and wounded six surveyors and workmen employed by the rival Alaska-Nome railroad in Keystone canyon, 15 miles from Valdez, yesterday.

The party were making a preliminary survey for the Nome railroad from Valdez to the summit, and were surprised by an ambush of the Guggenheim men, headed by Edward Hassey, an ex-United States marshal.

Hassey ordered the surveyors to stop, saying his men would shoot if any further advance was made.

The surveyors believed Hassey was bluffing and continued working. They were met by a fusillade of bullets.

Deputy marshals are searching for the culprits.

AMUSEMENT NOTES.

"Sweet Kitty Bellairs."

One of the chief events of next week will be the production here of David Belasco's "Sweet Kitty Bellairs" which will be seen at the opera house on Monday evening. As already announced, the play was suggested by "The Bath Comedy," but the entire dramatic treatment bears the unmistakable impress of Belasco's creative genius.

A brief outline of the story has already been printed. For the present it is sufficient to say that it relates to the adventures of two young women, one married, and the other single, who, with innocent intent, involve themselves in a compromising situation. To save the reputation of the friend, the spinster, "Sweet Kitty," sacrifices herself in a fashion that will appeal to all women and after various tribulations, reaps the reward of her constancy and devotion.

It is announced that Mr. Belasco has prepared a production which in elaboration and splendor can be compared only with his other noted achievements in the past. Seats on sale at the box office Friday evening at seven o'clock. Phone, 9-13.

"The Honey-mooners."

The same production in every detail as seen in New York is promised for this city next Tuesday evening.

If it's Morse-Made it's correct
If it's correct it's Morse-Made

Our tailors are picked men, each one of them chosen for his proven proficiency in some important detail of clothes-construction.

Notwithstanding the known ability of this force of experts we make assurance doubly sure by issuing the following instructions that eliminate guess-work—that leave nothing to luck:—

Linings must be carefully basted—seams closely and firmly worked—stitching neatly done—button-holes well worked—all buttons strongly sewed—every pocket must be stayed from side and top—all stays and tacks firmly worked—every garment must be neatly finished and well pressed.

So, after all, there's nothing strange about the reliability of Morse-Made clothing; it's just a matter of care and thoroughness, that's all. It is our rigid insistence on these two points that gives superiority to our garments to-day as it has for over 55 years.

Ask your dealer to show you Morse-Made clothing and look for the fac-simile of our name on the label inside the inside coat-pocket; if he doesn't sell it let us know and we will tell you who does.

In addition to men's clothing we make boys' clothes, too, from size 7 yrs. up.
